Our brand-new Lure plan! With multiple levels of living and flexible options, this floorplan blends comfort, entertainment, and privacy in one beautiful home.

- **Main Level:** A welcoming in-law suite offers privacy for guests, while the great room, kitchen, and dining room create the heart of the home. A library provides a quiet retreat, and the covered patio extends gatherings outdoors. The main level also includes a full bath and powder room for convenience.
- **Second Level:** The spacious primary suite is a relaxing escape, paired with a versatile game room that can also be a fifth bedroom. Three additional secondary bedrooms and three full baths provide comfort for everyone.
- **Optional Third Floor:** Create even more living space with a bedroom, full bath, and a loft area, ideal for a playroom, lounge, or private retreat.

All square footage is approximate. Renderings are artist's conceptions and may vary slightly from the actual home. Homes may be built in reverse of plans shown, depending on site conditions. Minor architectural changes may be made occasionally at the option of the builder. Please contact your Sales Consultant for details.
